

Nordic Championship 2022 arrival & time schedule info:

Arrival info:

We had to move parking/camping area so at racing site it's only allowed to put up tents for Jetski's, (marked Red) no cars allowed in here. This place will be guarded night time Thursday to Saturday 22:00-06:00. There will be some extra tents if you don't have the possibility to bring.

Camping area is at Surfsviken approx 1 km south from the race site (marked Yellow). There is a walk and bicycle road along the shoreline between Surfsviken and race site. We have reserved a big grass area for everyone and there will be electricity and toilets. No costs or need to register for this area.

However, if you want a better ground to stand on (heavy vehicles) you have to book and pay directly with Surfsviken. Booking: www.Surfsviken.se or email Caroline@surfsviken.se and mention Aquabike/Jetski Race for best rate.

Both areas are side by side. We can recommend the restaurant at Surfsviken !

We also have a big parking area for cars and trailers approx. 700 meters from race site. (marked Blue) There is limited space for car/trailer parking at race site.

2 options at arrival:

1. Go directly to Surfsviken (address: 102 Tollenäs, Stenungsund) and park.
We will provide cars/ATV's and trailers to move your skis/tents/tools etc from Surfsviken to race site.
2. Or go directly to race site (address: Stenunge alle 7, Stenungsund) and unload and after that further to Surfsviken for camping/parking or designated car/trailer parking.
